## FOR NEXT WEEK

# DISTRICT CONFERENCE

18 to 20 April 08

**APRIL IS DISTRICT CONFERENCE MONTH**

## PRESIDENT'S CORNER

**Magister artis  
ingeniique largitor venter.**

Pres. Raffy Chan

Allow me to again reconcile with the early remark (made almost a year ago as we started this term) by Manong Doming on the matter of just how fast a president's term can be. True enough, the recent nine months (equivalent to three quarters) have gone by almost like a snap.

As your president finds the occasion to look back, we say thank you to all our members who have been instrumental to the success that we have garnered thus far. Naming names at this juncture would be inappropriate as the year is hardly over. This small space would also prove inadequate for the lengthy enumeration that is likely to result. Just allow me to say that this year will be charted as another successful year in the annals of RCB only because we have members in our club who give their three-T's (Time, Treasure and Talent) to our Rotary cause. To one and all, an early "thank you" for your much esteemed participation.

\*\*\*\*\*

It was quite interesting and a bit disheartening that an observation was brought forth during our Board of Directors last Thursday, 03 April 08 regarding our current level of adherence to the RCB Dress Code. The observation was rather negative-to say the least.

The comment was that some (very few, I think) members come to the meeting even if not appropriately dressed: sometimes wearing short sleeve tee-shirts or the like. They rationalize that they came from an informal event and no longer had time to change. The excuse can be reconciled with but we must always remember that our Saturday lunch time meetings should be considered as our special event for the week. With this thought in mind, we should constantly make time to come properly dressed for our meetings and never allow ourselves to fall into the trap of such dress code rationalization.

As a young Rotarian (from way back) your president has been taught by our senior members to always look forward to our Saturday meetings and to constantly come appropriately dressed. This is what we should all continue to do. Always wear a tie with your coat-particularly when you have the honor of seating at the head table. Rotary barong is the safest to wear whenever it is warm because you do not have to contend with a necktie. And never forget to wear your Rotary pin with pride.

As we take stock of our seventy years as a club, may I respectfully admonish all our members to maintain the high level of "Rotary Professionalism" that our forebears have passed down unto us. Maintaining the RCB Dress Code and preserving the pride and dignity with which we meet our peers during our Saturday meetings.

\*\*\*\*\*

We will look forward to seeing the participation of our fellow RCB members in the District Conference of 2008. Almost all proceedings will be held at the Baguio Country Club, where we likewise hold our club meetings and call the "home" of our RCB.

The first day-Friday, 18 April 08 will be the Opening Ceremonies and the Western Fellowship Night in the evening. Next day-Saturday will be plenary lecture sessions by prominent guest speakers like: Sen. Migz Zubiri, PDG Lina Aurelio, Mr. Motivator Francis Kong, PP Robert Kuan, among others. That night will be the Governor's Ball at the CJH CAP Convention Plaza.

The final day-Sunday, 20 April 08 will feature the Legislative Assembly and Closing Ceremonies- all at the BCC.

\*\*\*\*\*

Our Latin axiom for this week- "*Magister artis ingeniique largitor venter.*" Literally means: Necessity is the mother of all invention. This English translation is quite well-known and points to the reality that all devices have their impetus on the basis of human needs.

## IN RETROSPECT

### The Meeting That Was 05 April 08

Dhory Vicencio

Today is the Club Assembly. I must admit that most members anticipated the speech of our very own PP Teop Rondez. This probably was the reason why everyone was full of zip. Nonetheless, everyone was excited to see the presentations of the RCB Officers and Board of Directors.

The meeting was held at the training room. I came a little past twelve and there were few members enjoying lunch and chat. It is also worth mentioning that RAPP Josie Chan was present to facilitate the registration. Thank you, Josie.

Just before the call to order, the programme participants arrived and I was so relieved. Promptly at 12:30 PM, Pres. Raffy called the meeting to order. The programme proceeded with the singing of Pambansang Awit and Rotary Hymn. It is nice to note that we made quite a large circle when we chanted the Rotary Hymn.

The Entertainment segment came and our Entertainers came in prepared. PP Lito Pangilinan gave us a treat of classic songs while PP Diony Claridad serenaded us with his smooth romantic songs. Of course, our assigned Entertainer, PP Alfred Laygo did not leave the rostrum without cracking a joke. Thank you Past Presidents for your endearing entertainment. It was truly a highlight of the meeting.

Raffle time came and our vivacious Treasurer Marilyn was on the floor with her dear cousin PP Chris Peralta.

Thereafter, the Officers and Board of Directors presented their respective reports, to wit:

1. Pres. Raffy Chan – Executive Summary
2. PE Bert Talco – Club Administration and Golf Tournament – highlights: various guest speakers during the club meetings and the golf tournament slated on 17 May 2008.
3. Dir. Cecille Apostol – Club Membership – highlights: recruitment of six (6) new members and the continuous effort to recruit more members.
4. Dir. Ike Dulnoan – Public Relations – highlight: Press Release during the 70<sup>th</sup> Charter Anniversary of RCB and others.
5. PPLinda Winter (for PN Mia Cawed) – Community Service- highlights: various Medical and Dental Missions of RCB.
6. IPP Gerard Audineau – The Rotary Foundation- various matching grants for the donation of computers and sponsorship program of RCB.
7. Treas. Marilyn Barredo – Financial – highlights: expenses of the club vis a vis the budget allocated.

Other important parts of the meeting were the following:

1. Birthday greetings to Dir. Emil, Dir. Cecille and Treas. Marilyn and of course their ice cream treat!
2. It was recommended that a report on scholars from various foundations be presented as well for the information of RCB members.
3. Auditor Rolly de Guzman discussed about the published financial reports. These, as he mentioned were furnished and discussed with him but not yet audited by him.
4. Dir. Emil Dayrit reported the satisfactory collection for cañao advertisements.

To sum it up, the meeting was a combination of laughter, jokes, celebration, smart discussions and appreciation of accomplishments of our hardworking Officers, Board of Directors and members. Congratulations to us for a job well done!

Baguio, 29 March 2008

At about 7:00 AM a group of RCB rotarians, rotary anns, rotakids, rotaractors led by Commander PP Chris Peralta and PE Mia Cawed in a convoy of several vans and suvs motored down Naguilian road on the way to Alilem, Ilocos Sur. This group composed the 9th Alilem Medical-Dental Mission.

The caravan stopped over at San Fernando, La Union for breakfast, and over bites of burgers, pancakes, sips of coffee and chocolate, the party was given opportune time for banter and pleasantries. A much needed stretching of legs and limbs, well rested and invigorated the mission traveled the final leg of the journey to Alilem.

Reaching the northernmost town of La Union, Supiden, the motorcade manned by Luzon Hydro Corp. personnel turned eastward on cemented roads astocide the upper banks of the Amburayan river.

The Amburayan river is bordered on the south by the province of La Union and on the north by Ilocos Sur. To reach the town of Alilem, on has to cross this body of water farther east, possible only during the summer months. Thus before the year 2005 Commander Chris Peralta steered the vehicle caravan

across shallow waters under the able direction of his navigator Chris Faelnar. At its widest the river is about a mile, and according to the inhabitants what is once a shallow river laying its way around, sand, gravel and moss covered boulders, turns, during the rainy season, into a swift rampaging rapids of white water, at times overflowing the banks of the Amburayan gulf. A new concrete bridge built in 2005 now spans the water lanes traversed by the first mission.

From across the bridge, north, a concrete paved winding road led us to the final destination and after about 20 minutes drive the verdant hills of Alilem came into view.

As time goes by, natural and man made events usually alter the landscape, the skyline of a place. Alilem is no exception. The grassy plaza fronting the town hall on the east is now flanked by a one storey administration building, a multi-purpose hall, a police station on the north, and the Rural Health Unit, a brand new Senior Citizens Hall, auxiliary buildings on the south. West of the square is a basketball court size covered gymnasium. It is a welcome sight to see the well tended hedges, the clean surroundings and most of all the old grand acacia tree majestically lording over the mangoes, the coconut leaves still sway with the wind fanning the cool breezes. Nature is kind, the lovely green hills still stand like sentinels and silent chroniclers to the life of this mountainside town.

The medical missionaries arrived at past 10:00 AM to a very warm welcome by the Alilem folks led by amiable Mayor Onofre B. Bistayong after which a brief program was held at the gymnasium where the patients and other town residents were assembled. Members of the party was introduced. Intermissioned by the rendering of welcome and other songs by the town's choir were speeches by the mayor, PP Chris Peralta, Rtn. Chris Faelnar, and PN Mia Cawed.

A very well coordinated organized setting up of the gym pharmacy, the dental facilities at the multi-purpose centers, and the surgical equipment tables at the Rural Health Unit building was done in perfect unison by the rotarians, rotakids, rotaractors, Luzon Hydro Corp. personnel, the town officials and residents. The 9th Alilem Medical-Dental Mission was underway.

Episode - III - on the next issue.

## Beware of Trucks

Contributed by: Pres. Raffy Chan

---

How often do you let other people's nonsense change your mood?

Do you let a bad driver, rude waiter, curt boss, or an insensitive employee or coworker ruin your day? Unless you're the Terminator, for an instant you're probably set back on your heels. However, the mark of a successful person is how quickly they can get back there focus on what's important.

Sixteen years ago I learned this lesson. I learned it in the back of a New York City taxi cab. Here's what happened.

I hopped in a taxi, and we took off for Grand Central Station. We were driving in the right lane when, all of a sudden, a black car jumped out of a parking space right in front of us. My taxi driver slammed on his breaks, skidded, and missed the other car's back end by just inches!

The driver of the other car, the guy who almost caused a big accident, whipped his head around and he started yelling bad words at us.

My taxi driver just smiled and waved at the guy. And I mean, he was friendly. So, I said, "Why did you just do that? This guy almost ruined your car and sent us to the hospital!"

And this is when my taxi driver told me what I now call, "The Law of the Garbage Truck."

Many people are like garbage trucks. They run around full of garbage, full of frustration, full of anger, and full of disappointment.

As their garbage piles up, they need a place to dump it. And if you let them, they'll dump it on you.

When someone wants to dump on you, don't take it personally. You just smile, wave, wish them well, and move on. You'll be happy you did.

So this was it: The "Law of the Garbage Truck." I started thinking, how often do I let Garbage Trucks run right over me?

And how often do I take their garbage and spread it to other people: at work, at home, on the streets?

It was that day I said, "I'm not going to do it anymore."

I began to see garbage trucks. Like in the movie "The Sixth Sense," the little boy said, "I see Dead People."

Well, now "I see Garbage Trucks." I see the load they're carrying. I see them coming to drop it off. And like my Taxi Driver, I don't make it a personal thing; I just smile, wave, wish them well, and I move on. One of my favorite football players of all time, Walter Payton, did this every day on the football field.

He would jump up as quickly as he hit the ground after being tackled. He never dwelled on a hit.

Payton was ready to make the next play his best.

Good leaders know they have to be ready for their next meeting. Good parents know that they have to welcome their children home from school with hugs and kisses. Leaders and parents know that they have to be fully present, and at their best for the people they care about.

The bottom line is that successful people do not let Garbage Trucks take over their day. What about you?

What would happen in your life, starting today, if you let more garbage trucks pass you by?

Here's my bet. You'll be happier.

Life's too short to wake up in the morning with regrets, so...

Love the people who treat you right.

Forget about the ones who don't.

Believe that everything happens for a reason.

If you get a chance, TAKE IT!

If it changes your life, LET IT!

Nobody said it would be easy...

They just promised it would be worth it!
